16th Meeting of the
Subgroup on Innovation

COPA COGECA representants' feelings

- Two seats. We didn't miss any meeting!!
- Fantastic HUB of information regarding European actions on innovation.
- The members are ambassadors of EIP in their countries and organisations
- SOI fosters inter-alia collaboration beyond the subgroup
- Maybe short representation of farmers and cooperatives, unbalanced with other stakeholders. Not only in SOI, also in seminars, workshops.
- Information in advance is too short for internal preparation of common positions in organisations.

COPA COGECA representants' feelings

- We have missed more connection between ENRD and EIP actions.
- It should be desirable more work linked with H2020. We had no influence in work programmes. We didn't exploited in any way results already achieved by H2020 projects.
- Sometimes there is a sensation that the bulk of decisions are on the side of DGAgri-EIP Staff. However still there is room for moving forward your ideas. Let be insistent!!
