Innovation & knowledge exchange | EIP-AGRI

This is the first edition of the EU CAP Network newsletter on Innovation, Knowledge exchange and EIP-AGRI. This issue focuses on women in agriculture and rural areas.

The EIP-AGRI network joined forces with the European Network for Rural Development, merging into a new European CAP Network. This newsletter is the successor of the Newsletter on Agriculture & Innovation. You received this message as you are subscribed to the Newsletter on Agriculture & Innovation. If you don't wish to receive this newsletter anymore, please feel free to [unsubscribe](#).

The 'Support Facility for Innovation and Knowledge exchange including EIP-AGRI' continues to act as a mediator, enhancing communication and cooperation between everyone who has a keen interest in sharing knowledge and innovating agriculture, forestry and rural areas. This includes farmers, researchers, advisors, businesses, environmental groups, consumer interest groups and other organisations.
